SUMMARY

Results-driven Software Developer and MCA graduate with strong expertise in full-stack development, programming, and software lifecycle management. Skilled in problem-solving, coding, debugging, and implementing scalable solutions. Proficient in Java, Python, SQL, and web technologies, with a proven ability to deliver high-quality software projects on time.

SKILLS

- Proficient in Python, SQL, HTML, CSS, and JavaScript for web and application development.
- Hands-on experience with React.js for building dynamic, responsive front-end interfaces.
- Skilled in Node.js for developing scalable, high-performance back-end applications.
- Strong understanding of full-stack development and RESTful API integration.
- Experienced with Visual Studio and Anaconda for coding, debugging, and environment management.
- Knowledge of database management and data handling using SQL.
- Adept in Microsoft Office Suite (Excel, Word, PowerPoint) for documentation and reporting.
- Focused on code optimization, clean architecture, and collaborative development practices.

PROJECTS

ONLINE MEDICARE

- Developed an online healthcare management system using PHP, MySQL, and HTML/CSS.
- Integrated XAMPP server for seamless deployment and efficient database management.
- Implemented secure patient record storage and confidential data handling.
- Enabled online appointment scheduling to enhance patient convenience and workflow efficiency.

FIT CHECK - FASHION E-COMMERCE PLATFORM

- Developed a scalable fashion e-commerce platform using Python, Streamlit, and MySQL.
- Implemented real-time product updates, category management, and secure payment gateways.
- Designed AI-driven personalized recommendations and loyalty programs to boost user engagement.
- Integrated Plotly and Matplotlib for data visualization, trend analysis, and performance monitoring.

EDUCATION

MASTER OF COMPUTER APPLICATIONS
Bengaluru University | 2023 - 2024

BACHELOR OF COMPUTER APPLICATIONS
Bharathiar University | 2019-2022

CERTIFICATES

- Python(basics to advanced) – simple ilearn , EuSron.
- Full stack development – hyper launch.
- Under 23 district cricket player, NSK 2024 team member.

LANGUAGE

- English
- Malayalam
- Tamil
- Hindi
